Many dry cleaners recycle wire hangers you just need to call & ask. I also have some on a first come first serve basis.

Shoes: Everyone can bring a total of 10 pairs of shoes. Used tennis shoes will be accepted, but only 2 per person. Dance shoes, sports shoes & slippers are not included in the 10 pairs. Shoes should be tied/buckled/ziptied together or if size permits placed in plastic Ziploc bags (no shoe boxes, please). Zip Ties are inexpensive at the dollar store. Please make sure your shoes are in GOOD used condition!!

Toys: Toys should be clean & contain all original parts. Please don't bring broken toys or toys that have been recalled. The small parts should be placed inside a plastic Ziploc bag & taped to the toy. NO STUFFED ANIMALS. Books sold, as a group must be placed inside large Ziploc bag with titles written on the price tag. All electronic toys/items must work. We will provide test batteries (AAA, AA, C, D and 9 volt) at the check out desk for customers to verify that the item works. LAST SALE I RECEIVED SEVERAL EMAILS ABOUT ELECTRONICS NOT WORKING PLEASE TEST THEM BEFORE BRINGING THEM. If the item requires any other type of battery other than the ones listed above please include with item & price accordingly. (No bike helmets or lawn darts will be accepted).

Baby Equipment: We do not accept the following items: CRIBS, CAR SEATS, PACK & PLAYS, SAFETY GATES WITH THE "V" SHAPE AT THE TOP, BATH SEATS (that suction to the tub), WALKERS WITH WHEELS & USED BOTTLE NIPPLES. All other baby equipment must be less than 10 years old & sell better if they have instruction manuals. (Many manufacturers have downloadable ones online). These restrictions are for your safety, shopper's safety, & reduce liability to you and me. Big Baby Equipment like strollers, high chairs, swings & are really GOOD sellers!!! To check your items for recalls check: www.recalls.gov & www.cpsc.gov/cpsc/pub/prerel/prerel.html Do not bring recalled items

Pricing your item: You decide the sale price of your items & will receive 65% of your asking price. When pricing your items consider: the cost of the item new, amount of wear, whether it is a current style, is it brand Name/designer clothing & what you would pay for item used. Your prices should be fair but realistic depending on the item. Price items using \$.50 increments. A website to help with pricing: <https://consignmentmommies.com/Resources/ClothingGuide.htm>

ELECTRONIC TAGGING INSTRUCTIONS

No handwritten tags, all tags will be computer generated. I am always available to help. You need to have a good printer for this, but since they are online, you would be able to do it from a friend's house or at work. I have also used staples print shop with very good results.

New consignors, set up your account and it will walk you through process. Existing consignors log in to your acct it will walk you through transferring any items you want from a previous sale to spring/summer sale. If you need any help with this process. Call or text or email.

Tagging your items: Use only 65 LB Cardstock in white or pastel colors, matte not glossy finish, to tag your items (this is so important for the barcodes to stay readable). Regular Printer Paper does not hold up as things are being moved around on the racks, so please do not use that. I have purchased bulk card stock. You can purchase what you need from me if you don't want to buy a whole package.

Sign up @ www.myconsignmentmanager.com/weetailconsignmentsale You print them and cut them down. You can print 8 to a sheet. They will have barcodes. The system will assign consignor numbers. Please make sure you put one safety pin through card twice to prevent them from falling off. The tag should be pinned* on the upper right hand side of garment, pinned on other cloth items such as bedding, blankets, etc. placed inside the Ziploc bag for bagged items, or securely taped on toys, baby equipment, back side of single books, etc.

DISCOUNT information. Friday all discounted items will be 25% off & Saturday all discounted items will be 50% off. You still have the option to not discount your items Before you print the cards please check that you have the correct **DISCOUNT & DONATE** options. You can edit your options if you have picked the wrong one.

You will be able to see what sells as the sale goes on. You will also be able to see your check total even before you pick it up.

*******I will cut off item entry on morning of Apr 17th. You will be able to print after that time just no more entry. So please plan ahead. *******

Please estimate a numerical size for clothing instead of just putting small, medium or large. It makes getting things set up for the sale much easier. Here is a website to help you:

If you are going to have a large amount of items email me to block off two drop off times. Have all items sorted by sex and in size order (ex all 6's together, all 7's together, etc.) when you arrive to make the check-in go much smoother & faster. We will ask you to fix improperly hung or tagged items at drop-off. Also please be prepared to put your shoes, toys, and etc out while we check your clothing items in.
